

RUSSIAN'S MASSED SOLDIERY.

Leading Generals Taking Command on the German Frontier.

PARIS, April 13.—The massing of troops along the western frontier of Russia is still a matter of discussion among military men, and considerable conjecture is indulged in as to the object of Russia in sending such large forces to the western provinces.

The Russian troops have left St. Petersburg to assume command of the troops massed on the German frontier.

The movement of Russian troops in a westerly direction has been going on for four years.

According to trustworthy statistics the increase that has taken place in the number of Russian troops stationed on the western frontier of the empire has been as follows: Ninety-one battalions of infantry, 35 squadrons of cavalry, 120 batteries of field artillery, 120 batteries of heavy artillery, 120 batteries of mountain artillery, and a large number of depots for war material have been constructed, besides fortifications, railways and roads.

A whole encampment of wooden sheds has been erected at Dubno, on the Austrian frontier, where cavalry of the troops have wintered. A second encampment of the same kind has been built at another point closer to the frontier.

Gen. Gourko, having been relieved of the duties of Chief of Staff, is in command of the military district of Warsaw, Vilna and Kovno. These are now garrisoned by 300,000 men.

Gen. Gourko, during a recent visit to St. Petersburg, has been given the permission to bring his troops to the frontier, and to remove the people to a distance of sixty versts inland.

FURNESSIA BADLY DAMAGED.

In Collision with the British Steamer Clan Maclean.

LONDON, April 13.—The Auxiliary steamer Furnessia, Capt. Harris, which arrived at Glasgow to-day from New York, was in collision last night near Howling with the British steamer Clan Maclean.

The Furnessia was badly damaged.

Strikers Battle Desperately with the Police in Prague.

PRAGUE, April 13.—The operatives employed in the linen mills at Nacod, in Bohemia, are on strike, and, finding that they are not likely to succeed in their demands, begin to act in a riotous manner, threatening to destroy the mills.

To-day the strikers assumed a very menacing attitude, and a large force of gendarmes tried to disperse them.

A pitched battle followed. The gendarmes drew their sabres and struck right and left, while the strikers used sticks and stones as weapons. The gendarmes finally succeeded in dispersing the mob.

A number of the police were quite severely hurt by being hit with the heavy stone thrown at them. Several of the rioters were badly cut by the sabres of the gendarmes.

Spanish Anarchists Have Taken to Writing Menacing Letters.

MADRID, April 13.—The Anarchists seem to some extent to have abandoned their dynamite outrages for the present and have taken to letter writing as a means to create fear.

The Prefect of Bilbao has received a large number of letters, in which he is threatened with all sorts of dire vengeance for the part he has taken in bringing about the arrest of Anarchists.

The letters not only threaten the Prefect himself, but declare that the Anarchists will in a short time use dynamite to destroy the churches and other public buildings in this city.

The latest dynamite affair reported is an attempt that was made to cause an explosion at the school of architects in this city. The porter of the building tried to retard with a burning fuse lying in the entrance of the school. He extinguished the fuse and no harm was done.

To Be Beheaded and Burned for Murdering Her Husband.

ST. PETERSBURG, April 13.—Anna Sahlin, wife of a professor at the State College at Tavastehus, Finland, charged with having murdered her husband, has been found guilty and sentenced to be beheaded and her body ordered burned. She is only twenty-two years old.

Investigation showed that she had forged her husband's name and was carrying on an intrigue with a student in the college.

Alleged Community of Interests Between Russia and America.

BERLIN, April 13.—The Berliner Zeitung to-day says: "Simultaneously with Russia's intention to establish a coal depot at Staten Island, at the southern extremity of South America, the United States government has secured a depot for war stores in Uruguay."

GEN. GRANT PAID VANDERBILT.

That \$150,000 Loan Was Cancelled, Broker Work Was Told.

Cross-Examined by Col. James' Lawyers in the Suit for \$200,000.

The cross-examination of J. Henry Work by Lawyer Joseph H. Choate, in the suit of Col. E. C. James against Work before Justice Patterson, attracted a big crowd this morning in Part IV of the Supreme Court.

Mr. Choate was distinguishedly pointed in his questions. He tried to get from Work an admission that he knew, during his connection with the firm of Grant & Ward, that Ferdinand Ward was cheating Gen. Grant.

Work replied that he thought Ward deceived Gen. Grant, but would not admit that it would have been impossible for Ward to do so without the aid of an outsider.

Mr. Choate read a list of sums of money, aggregating several thousand dollars, and asked:

"Are not these the sums, over and above the profits awarded to your friends, which you and William S. Warner divided?"

Work could not recall that fact.

"These signatures to these checks are the signatures of Grant & Ward, are they not?" And the checks presented and shown to Mr. Warner, didn't they? They are dated Oct. 10, 1880, Grant & Ward were still paying them, weren't they?"

Mr. Choate replied affirmatively and Mr. Choate asked:

"In fact, it is what your friends didn't get of the 25 per cent profit on their contract, is it?"

Mr. Choate then asked Mr. Choate: "And what you and Warner divided, isn't it?"

Mr. Choate then asked Mr. Choate: "You didn't get a cent into these contracts, did you?"

"With I thought I did considerable work in putting in that \$150,000," replied Work.

Mr. Choate then asked Mr. Choate: "You were a partner in the firm of Grant & Ward, weren't you?"

Mr. Choate then asked Mr. Choate: "You were a partner in the firm of Grant & Ward, weren't you?"

THE DAY IN WALL STREET. Cordage Trust Stock Rumors Disturb the Market.

WALL STREET, Wednesday, April 13.—Prices showed a decided upward tendency this morning, but the advance was summarily checked by a break of 3 points in National Cordage to 100% on the announcement that the directors of the company had been notified to appear before Chancellor McGill, of New Jersey, on Monday, and show cause why they should not be enjoined from paying dividends on the stock of the company, and also why a decree should not be issued compelling them to bring their books within the State to give stockholders there an opportunity of examining them.

It was not until after noon that the dealings amounted to anything to speak of. The market was quiet, and the only movement was the advance of 100% in National Cordage to 100% on the announcement that the directors of the company had been notified to appear before Chancellor McGill, of New Jersey, on Monday, and show cause why they should not be enjoined from paying dividends on the stock of the company, and also why a decree should not be issued compelling them to bring their books within the State to give stockholders there an opportunity of examining them.

CONFEDERATES IN HIDING. Many Fires Attributed to the Williamsburg Anarchists.

Police Capt. Ennis said this morning in relation to the discovery of an organized band of Anarchists in Williamsburg, that he did not think that there would be any more arrests just yet.

The revelation of the plots of the Anarchists came with the confession of John Gottlieb Stelbrenner and Herman Albrecht, both of whom are now in Raymond Street Jail.

Fire Marshal Lewis believes that many fires in Williamsburg recently were caused by Albrecht and Stelbrenner and their confederates.

It was rumored that Albrecht would be implicated in the murder of Mrs. Freda Holsky and her husband, who were shot in the back of the head at 35 Moore street, but Capt. Ennis to-day said that he knew nothing to that effect.

SEVEN SWINDLED IMMIGRANTS. They Appeared in Court To-Day Against Samuel Brownstein.

Samuel Brownstein, a tailor at 178 Essex street, was held in Essex Market Court this morning on a charge of swindling.

Brownstein, it is alleged, obtained \$10 each from a number of immigrants on a promise to procure them work in a Brooklyn sugar refinery.

There were seven complainants against him.

"Buckskin Joe's" Hard Fate. MENARD, Ill., April 13.—Joseph Greener, alias Buckskin Joe, forty years a frontier scout with Kit Carson, Gen. Sheridan, Crook, Custer and Hartney, was received at the Southern Illinois Penitentiary yesterday for serving a year for assuming to be an officer of the United States Army.

Greener was the cousin of the late General Sherman, and his iron-gray locks reached below his shoulders. He is about sixty years old.
